

DUHALLOW FARMING FOR BLUE DOT CATCHMENTS PROJECT
CHECK DAM MEASURE CHECKLIST

Version 1.2 2021

Participant:		
Herd Number:		
Date of Scoring:		
Plot Number:		
Surveyor:		
Proposed Units	Proposed 100% Payment	€

MEASURE VERIFICATION CHECKLIST	YES	NO
Has the check dam been installed at the location identified on the project farm plan by the date specified (If no 100% non-payment)		
Is the check dam installed & constructed from graded broken stone or woody debris or a combination of the graded broken stone & woody debris (If no remedial action may be required)		
Is the location fenced off from livestock with a fence line fit for purpose (If answer is no remedial action is required)		
Is there any evidence of damaging activities at or adjacent to the location of the check dam such as poaching, rutting of machinery or the application of organic/inorganic manures or pesticides with prescribed buffer zones (If yes 10% Payment Reduction)		
Is it evident that silt is pooling up channel above the check dam thus preventing silt run-off to adjoining watercourses (If answer is no remedial action is required)		
At measure implementation stage was it evident the check dam was not maintained adequately resulting in excessive silt run-off (If answer is yes 20% payment reduction)		
Total Number of check Dams
