DUHALLOW FARMING FOR BLUE DOT CATCHMENT PROJECT

Version 1.2 2021 **SEDIMENT TRAP CHECKLIST**

Participant:	
Herd Number:	
Survey Date:	
Plot Number:	
Surveyor:	
Proposed Units	Proposed 100% Payment €

MEASURE VERIFICATION CHECKLIST	YES	NO
Has the sediment trap been installed at the approximate location identified on the project farm plan by the date specified on the farm plan (If answer is no 100% non-payment)		
Is it evident the silt trap has been maintained adequately routinely throughout the year (If no 20% reduction in payment)		
Is the location of the sediment trap fenced off from livestock with a fence line fit for purpose (If no remedial action is required)?		
Is there evidence pesticides have been applied to within 5 metres of the watercourse at the location of the silt trap (If yes 10% reduction)		
Is there evidence that organic /inorganic manures have been applied within prescribed buffer zones (If yes 10% reduction in payment)		
Is there evidence of poaching of livestock or silt run-off to the watercourse in the plot where the sediment traps are located (If yes 10% reduction in payment and remedial action required)		
Is there evidence of any other damaging activities such as dumping of material in the plot where the sediment traps are located (If yes 10% reduction in payment)		
Is it evident that scouring or soil erosion has occurred in the location of the sediment trap (If the answer is yes remedial action as prescribed by the project team is required)?
