**Duhallow Social Farming** offers people with disabilities the opportunity to spend time on a family farm in a healthy, supportive and inclusive environment. Social farming focuses on people's potential rather than limitations, encouraging participants to socialise, gain confidence and build relationships. It creates the opportunity to reconnect farmers with their local communities by opening up their farms as part of a social support system for the community.

Duhallow Social Farming operates as a voluntary model to enable real working relationships and friendships to develop. The farm is not a specialised treatment farm; it remains a typical working farm where people in need of support can benefit from relationship building through farm activities in a non-clinical environment.

Host farmers will be supported with any health and safety adjustments that need to be made for social farming activities, as well as support to access relevant training opportunities.

**For more information please contact Rachel Budd 029-60633 or email [duhallow@irdduhallow.com](mailto:duhallow@irdduhallow.com).**
